Project Appleseed is a nationwide program that teaches rifle marksmanship skills that have been passed down from generation to generation and reconnects Americans with the people and events of colonial America. Participants are taught skills that allow a Rifleman to be accurate out to 500 yards using a standard rifle with iron sights. This ability is traditionally known as mastering the 'Rifleman's Quarter Mile' and is an American tradition that has been part of this nation from its very first days. So join us and hear some little-known Revolutionary War history, reaffirm your heritage, and make America a better place.

Local laws: CT does have an 'Assault Weapon' Ban that is SIGNIFICANTLY MORE STRICT than the expired Federal AWB.For example, rifles are banned by name and include the 'Colt AR-15' and 'AK-47', among others. Semiautomatic rifles are also banned by features. Folks, please be careful with this. For a complete list of banned-by-name rifles and feature restrictions, you may check CT laws here http://www.ct.gov/dps/lib/dps/special_licensing_and_firearms/assault_weapons.pdfhttp://www.pocct.com/docs/PA13-3.pdfNote: Ct does have a magazine capacity restriction. Several other items are listed above and should be read and understood before traveling into Ct with questionable equipment.For the new law effective 4/4/2013 go here:http://www.cga.ct.gov/2013/act/pa/2013PA-00003-R00SB-01160-PA.htmNon residents should have a copy of the bulletin for the shoot being attended.
