## *RWVA's Appleseed Tour Comes to Raahauge's in Corona, CA October 18-19, 2008*

### **Who we are and what we're about:**

The Appleseed Program is designed to take you from being a simple rifle owner to being a true rifleman. All throughout American history, the rifleman has been defined as a marksman capable of hitting a man-sized targets from 500 yards away — no ifs, ands or buts about it. This 500-yard range is traditionally known as "the rifleman's quarter-mile;" a rifleman can hit just about any target he can see. This skill was particularly evident in the birth of our country, and was the difference in winning the Revolutionary War.
