**Project Appleseed** is a nationwide program that **teaches rifle marksmanship skills** that have been passed down from generation to generation and **reconnects Americans with the people and events of colonial America.** Participants are taught skills that allow a Rifleman to be accurate out to 500 yards using a standard rifle with iron sights. This ability is traditionally known as mastering the 'Rifleman's Quarter Mile' and is an **American tradition** that has been part of this nation from its very first days. **So join us and hear some little-known Revolutionary War history, reaffirm your heritage, and make America a better place.**

*Local laws: CT does have an 'Assault Weapon' Ban that is SIGNIFICANTLY MORE STRICT than the expired Federal AWB. For example, rifles are banned by name and include the 'Colt AR-15' and 'AK-47: among others. Semiautomatic rifles are also banned by features. Folks, please be careful with this. For a complete list of banned-by-name rifles and feature restrictions, you may check CT laws here*

<http://www.pocct.com/docs/PA13-3.pdf> Note: CT does have a magazine capacity restriction. Several other items are listed above and should be read and understood before traveling into Ct with questionable equipment.
