

Sign up for the Appleseed 300

On April 19, 1775 your forefathers answered the call for freedom and liberty. Now it is your turn.

Take the challenge and join with 300 freedom-loving Americans on Patriot Day to adapt, persevere, and overcome as you learn to shoot "expert" on a US Army qualification test and earn the coveted title of RIFLEMAN.

Learn marksmanship and the heritage of the American Rifleman.

Stand together with like-minded Americans on arguably the longest shooting line in America's history.

Feel the concussion and see the smoke as 300 rifles send almost 4,000 rounds downrange in salute to the patriots who faced the tyranny of the Red Coats at Lexington, Concord, and Merriam's corner.
