### Who we are and what we're about:

*The Appleseed Program is designed to take you from simply being a rifle owner to being a true rifleman. All throughout American history, the rifleman has been defined as a marksman capable of hitting targets 500 yards away — no ifs, ands or buts about it. This 500-yard range is traditionally known as "the rifleman's quarter-mile;" a rifleman can hit just about any target he can see. This skill was particularly evident in the birth of our country, and was the difference in winning the Revolutionary War.*

### What You Will Learn:

*Six Steps to firing a shot, sling usage, sight adjustment, Inches, Minutes, Clicks, and your Heritage as an American Rifleman. Much of the instruction takes place on reduced-size targets at 25 meters, so there's lots of shooting without a lot of walking to check targets.*

*To register or for more information visit [www.appleseedinfo.org](http://www.appleseedinfo.org),*

*e-mail [WJ@Appleseedinfo.org](mailto:WJ@Appleseedinfo.org).*

*For Wisconsin sheet information call: 1-608-963-0296*

### What To Bring:

*Your Favorite Rifle, 400 Rounds of Ammo (.22 Rimfire - 8 mm), eye and ear protection.*

**Time: 8:30AM Local | Pre-Reg Cost: One Day \$45 - Two Days \$70 | Women, anyone under 21 and active military shoot free!!! | Range Fee – Varies**

## Quick Answers to Appleseed Questions

**What is Project Appleseed?** It is a program that instructs people in basic rifle marksmanship using rack-grade rifles and surplus ball ammo. It is also a program intended to revitalize the tradition of the Rifleman.

**Who should attend?** Appleseed instruction is perfect for the novice as well as the experienced shooter. There is something for all to learn.

**Why "Appleseed"?** "Appleseed" comes from Johnny Appleseed, the American folk hero who walked the country planting apple seeds, not for himself, but for future generations.

**What is your real agenda?** Provide instruction in Marksmanship and revitalizing the Rifleman Tradition. We also teach respect for our Revolutionary War history. That is all we are about.

**What kind of rifle do I need?** You can use any safe firearm, which can be accurately shot from the shoulder, from .22 rim fire to .32 (8mm). While semi-auto friendly, we are not unfriendly to bolt guns.

**What kinds of sights are allowed?** Appleseed has no sight / optic restrictions - you can use ANY.

**Which caliber is best?** They all are. Appleseed is not caliber specific.

**How much ammo do I need?** It is best to bring around 200 rounds per day.

**How much does it cost to attend?** \$70 for two days with pre-registration and that includes a free T-shirt. \$45 for one day only. Some ranges charge a minimal range fee, usually \$5-10/day. There is a \$10 walk on fee if you do not pre-register. ***Ladies, shooters under 21, and Active Duty/Reserve/Guard with MIL ID shoot FREE***

**Why military rifles?** Because they are fast, easy to reload, and reliable

**Do I need a sling?** Yes. A military style web sling. Nothing fancy is required.

**Can I use a bipod?** No, we teach the basic shooting positions: standing, sitting/kneeling and prone, using a sling.

**Do you have a checklist of things to do in preparation for a shoot?** Yes, look at: **[www.appleseedinfo.org](http://www.appleseedinfo.org)**

**Can kids come?** Yes, responsible junior shooters are welcome and shoot free.

**Where can I get more information?** There are schedules, equipment lists and much more on our website.

**Where are shoots scheduled this year?** We will have almost 300 shoots this year nationwide.

**Can I just show up and register for a shoot?** Yes, but there is a \$10 walk on fee. Pre-registration allows us to schedule our instructors most effectively. If you do not have internet access, send your entry fee of \$45/\$70 along with your shirt size, name, address and phone number, date and place you want to register for to: RWVA, POB 756, Ramseur, NC 27316
