The Revolutionary War Veterans Association would like to introduce you to an exciting new rifle marksmanship program called The Appleseed Project. By combining Revolutionary War history with marksmanship training, the RWVA plans to achieve several objectives.

1. To awaken Americans to the struggles, sacrifices and successes of our Founding Fathers and Revolutionary War Soldiers.
2. To have Americans, once awakened, spread that message to future generations, hence the Appleseed name.
3. To have Americans claim their 2nd amendment rights as our Founding Fathers intended, fought and died for.
4. To have current rifle owners learn to shoot more effectively and pass that knowledge to others.

*We have events scheduled throughout the country, several in this area:*

Note: RWVA is a 501.c.3 non profit organization and is affiliated with The CMP
