History is made by Women: those with strength, skill, and courage who choose a better future for themselves and their descendants. Project Appleseed™ awakens the past to share their stories in order to bring about our better future. Two days filled with women's heritage, rifle instruction and friendship await you!

Project Appleseed™ is a nationwide program that teaches rifle marksmanship skills that have been passed down from generation to generation and reconnects Americans with the people and events of colonial America. This special Ladies event focuses on our Founding Mother's, often overlooked in America's history: women who supported, inspired and even fought bravely to forge a nation and our hope for it's future. Join us for a weekend of fellowship, marksmanship and heritage in honor of their legacy. That legacy is you!
