RWVA's Appleseed Tour Comes to Piru, CA June 20-21, 2009

Who we are and what we're about:

The Appleseed Program is designed to take you from being a simple rifle owner to being a true rifleman. All throughout American history, the rifleman has been defined as a marksman capable of hitting a man-sized target from 500 yards away — no ifs, ands, or buts about it. This 500-yard range is traditionally known as "the rifleman's quarter-mile"; a rifleman can hit just about any target he can see. This skill was particularly evident in the birth of our country, and was the difference in winning the Revolutionary War.

What You Will Learn

"The Six Steps To Firing A Shot":

1. Sight Picture.
2. Sight Alignment.
3. Respiratory pause.
4. a. Keep your eye on the front sight (or reticle).
b. Focus your mind on keeping the front sight on the target.
5. Squeeze the trigger.
6. Follow through.

We will also cover sling usage, sight adjustment, Inches, Minutes, Clicks, and the Heritage and beginning of the American Rifleman.

To register or for more information visit www.appleseedinfo.org or email CA@appleseedinfo.org
