Project Appleseed is a nationwide program teaching rifle marksmanship skills that have been passed down from our Nation's earliest generations and reconnects Americans with the people and events of colonial America.

Participants are taught the skills that allow a one to be accurate out to 500 yards using a standard rifle with iron sights and surplus ammunition. This is traditionally known as mastering the "Rifleman's Quarter Mile" and is an American tradition that has been part of this nation from its very first days.

So join us and hear some little-known Revolutionary War history, reaffirm your heritage, and make America a better place.
