- Hear the **REAL** story
- Improve your marksmanship
- Continue the heritage

Learn the "Six steps to firing the shot."

Learn correct firing positions and proper sling use.

Learn how to find your natural point of aim.

Test your abilities, hone techniques, and pass them on.

New shooters will learn essential fundamentals.

Experienced shooters will discover techniques to polish their skills and learn how to teach them to others.

Project Appleseed is a nationwide program that teaches rifle marksmanship skills that have been passed down from generation to generation and reconnects Americans with the people and events of colonial America. Participants are taught skills that allow a Rifleman to be accurate out to 500 yards using a standard rifle with iron sights and surplus ammunition. This ability is traditionally known as mastering the "Rifleman's Quarter Mile" and is an American tradition that has been part of this nation from its very first days. So join us and hear some little-known Revolutionary War history, reaffirm your heritage, and make America a better place.
