New shooters will obtain essential fundamentals.

Experienced shooters will discover techniques to polish  
their skills and learn how to teach them to others.

Project Appleseed is a nationwide program that teaches rifle marksmanship skills that have been passed down from generation to generation and reconnects Americans with the people and events of colonial America. Participants are taught skills that allow a Rifleman to be accurate out to 500 yards using a standard rifle with iron sights and surplus ammunition. This ability is traditionally known as mastering the "Rifleman's Quarter Mile" and is an American tradition that has been part of this nation from its very first days. So join us and hear some little-known Revolutionary War history, reaffirm your heritage, and make America a better place.

### Who should come?

Anyone with a desire to learn and improve, family, friends, neighbors and "well behaved" children are welcome.

### What essentials should you bring?

.22 rimfire or centerfire rifle up to .32 cal., (scope ok),  
250 rds of ammo per day, eye and ear protection,  
shooting mat, sunscreen, enthusiasm

### But isn't ammo expensive?

George S. Patton once said "A pint of sweat saves a gallon of blood."  
Your liberty was paid for with even more. How much would you  
sacrifice to insure liberty for future generations? If you can't find  
any reasonably priced ammo, keep looking, call around and use  
the internet. Persistence is priceless.

*Learn the essentials of shooting from multiple positions  
(standing, kneeling, sitting, prone) Add proper breathing,  
trigger control, follow through and calling EVERY shot  
to maximize your marksman potential. No matter your  
current skill level, we give you the tools to improve based on  
proven techniques. Will you take the challenge and earn the  
coveted title of "Rifleman?"*
