WHAT IS IT? Project Appleseed is primarily a rifle marksmanship clinic presented in the spirit of our forefathers whose superior marksmanship skills facilitated our hard fought independence from an oppressive British rule.

WHAT WILL I LEARN? You will learn the 6 steps to firing the shot, Natural Point of Aim, the use of a sling, and much more! In addition, you will learn our heritage: the history of the start of the American Revolutionary War, including Paul Revere's Ride, and the role marksmanship played in giving us the freedom we all enjoy today.

WHY SHOULD I PARTICIPATE? Project Appleseed is the sole project of the Revolutionary War Veterans Association (RWVA), a 501(c)(3) organization. Founded in 2006, Project Appleseed and its volunteers recognized the crucial necessity to preserve and pass on our National American Heritage, and are committed to bringing traditional rifle marksmanship skills and the story of April 19, 1775 to each and every American. Our goal is to teach the skills alongside the story, engaging each participant in our unique American heritage and encourage all to become active and engaged citizens.
