

# PROJECT APPLESEED FLORIDA NEWSLETTER

June 1, 2018

The weekend Appleseed experience: not what you expect.

## In this issue:

- What we are about
- Schedule of events
- How to prepare
- FL now on YouTube
- Coming soon in July at Palm Bay: Instructors Boot camp!
- 2019 RBC scheduled!

In today's world of 24-hour news cycles, changing technologies, and push-button gratification, it's a challenge to stay connected to the values that our great country was built on. Ideals like integrity, commitment, and personal responsibility are what our founding fathers relied on to win our independence and to then make America a great nation. At Project Appleseed, we're dedicated to keeping these timeless values alive. We promote civic responsibility through the teaching of colonial history and the American tradition of rifle marksmanship. Even after all of these years, there is much to be learned from our forefathers' examples of perseverance, commitment, and civic virtue. With a full calendar of shooting clinics and events, Project Appleseed is here to make sure these timeless principles live on for generations to come.

## What Appleseed is all about:

You can't write the story of America without including several chapters about the skill and bravery of our forefathers'. On April 19, 1775, at Lexington and Concord, American colonists stood with muskets in hand and faced down the British forces that were trying to seize their arms. The colonists did it with grit, determination, and superior marksmanship. They were real marksmen: nobly and ably putting their skills on the line in pursuit of liberty. We are the descendants of those fearless men and women who earned our freedom on the battlefield. We honor their pursuit of liberty by passing along the skills and knowledge that aided them in securing it. Today's Rifleman understands that owning and mastering a rifle is part of his/her American heritage. Whether you're a new shooter or a seasoned marksman, Project Appleseed can help transform you from a person with a rifle into a principled and skilled Rifleman.

<b>Feb-19</b>			
Tallahassee	FL	February 02, 2019 - February 03, 2019	Appleseed

# What Should You Bring

\*\* Very important things

## Personal items

- A teachable attitude (most important thing) \*\*
- Ear protection Muffs and plugs \*\*
- Eye protection \*\*
- Elbow pads or shooting Jacket
- Ground cover (Rug remnant will work)
- A hat
- Little notebook (those little 2.5 X 3.5 work well)
- Pen – Used for taking notes and also for marking your targets; a sharpie marker is handy as well
- Sun Screen
- Lots of water (Must stay hydrated)
- Light Lunch
- Snacks
- Folding Chair (not necessary but nice)
- Wet wipes
- Bug spray
- Necessary clothing for any kind of weather

## Rifle specific preparations

- Rifle preferably zeroed for 25 meters
- At least 500 rounds of ammo for a two day event
- At least 250 rounds of ammo for a one day event
- At least 250 rounds of ammo for a Known Distance event
- Sight adjustment tools
- Two mags. 10 rds. each. Bring extra mags. if you have them. 20rds works well if State law allows
- Gun cleaning supplies and lube
- Instructions for your rifle (if you have them)
- Know your rifle
- GI Web Sling
- Something to cover your rifle to keep blowing sand or rain off it.
- Staple gun, or thumb tacks, or push-pins.
- Staples
- Know the laws of the State you are going to and only bring that which is within the law

## Ready your equipment

- Be prepared for blowing sand and dust, rain, mud all those weather conditions a rifleman would have to generally put up with.
- In event of blowing sand and dust, you'll need to totally degrease your rifle. Any lube should be a dry lube, like graphite. Be ready to protect your rifle with a plastic rifle bag or a simple waterproof wrap for the action.
- Be ready to protect ammo and mags from the same weather. Ziploc bags are great for this.
- Again, be prepared. You should function-test your rifle and, if possible, have it zeroed for 25 meters. Doing so will leave you properly sighted for the 25m AQT.
- It's a good idea to get down into the prone position and dry-fire ten shots "by the numbers." If you will do this three times a week, you'll be way ahead of everyone else. Hey, while you're at it, put a GI web sling on your rifle, and get it adjusted so it supports the rifle in prone, too.
- Practice at home is a GREAT way to prep for arriving at the range. By doing so your range time will be FAR more productive.

**\*\* Due to a gun industry safety bulletin, .17HMR semi-autos are not recommended.**

**\*\* Effective immediately the use of Smith and Wesson M&P 15/22'S at and Appleseed are hereby temporarily prohibited due to recent safety issues.**

Project Appleseed Florida is now on YouTube! Ever wondered what it's like to attend a weekend Appleseed event? Take a look at some of the videos we have posted on YouTube.

---

# BIG NEWS FLORIDA!

Our annual Instructors boot camp is scheduled in Palm Bay Florida on July 14/15. If you are interested in becoming a Appleseed instructor please consider attending this event! Come on out for the weekend and spend time with the very best folks on the planet and get ready for great time of fellowship and learning!

We also have our annual rifleman's boot camp on the calendar for January 27th to February 1st in 2019 at the world renowned Isaac Davis Memorial range and gardens near Tallahassee. The RBC is staffed by the best of the best. If you love Appleseed, you will LOVE this week long event! Please see our website for more details.

**THINK YOU'RE A GOOD SHOT WITH A RIFLE? COME ON OUT AND PROVE IT.**
