

September 2010

APPLESEED "300"

Illinois, USA

Join The Appleseed Program in its first super-shoot. Come and be one of the 300 on the line in September, 2010.

What is in your future? What is in your past? Find out: Are you a cook or a Rifleman?

HISTORY, HERITAGE, MARKSMANSHIP

Do you want to be a part of history? Do you even know your history? You should, because without it you cannot know your future. Come, learn, shoot. Your past, present and future await you...

For years The Appleseed Project has been instructing Americans in their Heritage and Marksmanship. Thousands of events, and tens of thousands of students later, the program is ready to take one weekend, return to the center core of our nation, and host it's first super event dubbed the Appleseed "300".

On this weekend, 300 attendees will get the chance to study the same skills, techniques and tools that The Appleseed Project has brought to tens of thousands of civilian students as well as to combat units of the United States military.

But Marksmanship is only a one part of the weekend event. History and Heritage round out the course of instruction. Learn why Marksmanship was a pivotal factor in our fight for freedom. Learn what choices

our ancestors and why they made the choices they did on our behalf; their decedents.

Come, listen, learn. Stand shoulder to shoulder with 299 of your fellow Americans. These will not be sharpshooting action shooters. Instead they will be moms, dads, mechanics, pizza delivery guys, teachers, office workers, and all of the the other normal people who stood up together and created a new nation in freedom.

This is a special event, and likely unique. Register early for your place on the line. Bring your neighbor and bring your family. Bring your eyes, but especially your ears and your desire to learn. We promise that this will be a weekend you will not forget.

Sign up now for your spot on the line.

Credentialed Instructors

Appleseed's superb instructors will teach you the same skills we have brought to the US Army.

Who Is the Appleseed Project?

The Appleseed Program is a 501(c)(3) non-for profit organization dedicated to the teaching of American heritage, history, and traditional marksmanship skills. Our instructor teams travel the country educating everyone about the difficult choices and heroic actions that our great founders made on behalf of us, their “progeny”.

We Are a Heritage Program:

Our heritage program brings the first two days of the Revolutionary War vividly into the modern day with the kind of care and immediacy that is absent from schooling today.

The blood, fear, heartbreaking separations as well as the feats, skill and masterful organization are all brought to life over our two days of instruction.

Each attendee will gain a better understanding of the fundamental choices that our forefathers and mothers made for us. Appleseed is dedicated to bringing that day, those persons, and their stories to each and every American. They have much to teach us, and we have much to learn from them. These are our stories and in them is our hope for the future.

We Are a Marksmanship Program:

Our rigorous two day program teaches all of the American marksmanship skills which were once common knowledge. Every man, woman and child is able to learn them. Shooters of all skill levels are successful with our program. Often it is the new shooter that outclasses the experienced one! All who come, learn. So will you.

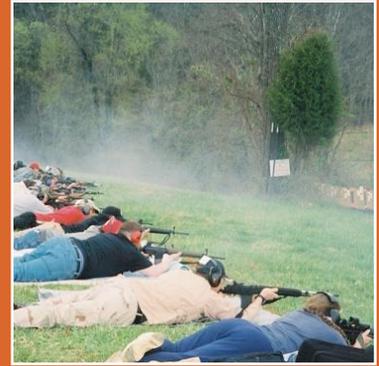

We Are a Program For America:

Is your future on your couch? Is it at your computer, pining away the hours worrying about the future instead of changing it? If you want a better future, if you want to have a direction for a better tomorrow, if you want to work towards a better horizon, then come to an Appleseed. You will begin to see our direction forward once you learn where we come from. You will begin to learn the internal methods of change once you begin to learn the external skills of marksmanship. You will gain a better understanding of what it means to leave behind the life of a cook and begin the path towards the life of a Rifleman.

No one who comes is unchanged!

FREEDOM?

Live Out Your Freedom Now

How many of us truly say:

“Today I will live out my freedom as an American”?

At Appleseed that question is the basis of our events. Come, shoot, learn. Spend a weekend shooting 500+ rounds and learn your unique history. Citizens of other nations would pay dearly for the chance, all you need to do is get off the couch, grab your rifle and come!
