*By the rude bridge that arched the flood,
Their flag to April's breeze unfurled;
Here once the embattled farmers stood;
And fired the shot heard round the world.*

*O Thou who made those heroes dare
To die, and leave their children free,
Bid Time and Nature gently spare
The shaft we raised to them and Thee.*

We at the RWVA recognize the importance of teaching the fundamental skills of Rifle Marksmanship to as broad a cross section of the American public as possible. To facilitate this, we offer our classes free to a number of people, and offer dramatically reduced rates to others. Duly-sworn Law Enforcement Officers, current members of the armed services, elected officials, those with physical handicaps, and Revolutionary War reenactors in period-clothing all attend our events for free. Women, and responsible persons under 21, receive a significant discount, paying only \$10 and \$5 each, respectively. We hope that you will be agreeable to also waiving range fees in a like spirit.

Administrative Items

The RWVA is pleased to partner with your club/range to present this Appleseed Event and thanks you for helping a cause that many talk about, but few do anything to promote. To understand better what to expect, please read carefully the information provided below to make the Appleseed at your range the best Appleseed ever:

RWVA is providing instructors, targets, full program of instruction, liability insurance, and national & regional promotion.

RWVA will be responsible to police up brass from this event or leave for the range owner if desired, as well as pick up all trash that is a result of its use of this facility

In order to conduct an Appleseed Event, the RWVA will need exclusive use and control of the ranges used for this event. This is to include the ability to check and set targets without interference from those not participating in this event. The course of instruction includes shooting in the standing, sitting and prone positions. We operate by strict safety rules; in the event there are special safety rules relevant to your range, we will strictly adhere to them, as well.

All participants and observers on the range during the Appleseed will be required to sign RWVA liability waivers. If attendees are required to sign a liability release waiver for your facility, it is incumbent upon you to provide, collect, and maintain this information. Likewise with any associated range fees.

By agreeing to host an Appleseed Event, you also agree to undertake certain responsibilities; chief among these is to promote Appleseed within your local community, to include: club/range membership, local gun shops and other related businesses and locations. Advertisement within the local media is at your own discretion; some assistance in this may be available.

*By the rude bridge that arched the flood,
Their flag to April's breeze unfurled;
Here once the embattled farmers stood;
And fired the shot heard round the world.*

*O Thou who made those heroes dare
To die, and leave their children free,
Bid Time and Nature gently spare
The shaft we raised to them and Thee.*

RWVA will make a master flier available for local reproduction, along with full-color brochures about the Appleseed program, if requested. Our experience has shown that local effort to 'get the word out' can have a dramatic impact on actual turnout.

You agree to ensure that the ranges reserved for this event are not in conflict with other events. The club/range is responsible to ensure that RWVA staff will have access to the range and facilities by 7:30 am each day of the event.

You agree to provide target stands and backers. RWVA will provide direction as to the set up and assist with volunteers when able. If you can supply volunteers to assist in parking, registration, food preparation, etc, it would be most appreciated.

The intent of this agreement is to promote the cause, and to allow us to work together to maximize the size and impact of the event at your facility. We are very interested in your feedback, and welcome all comments and criticisms, as we constantly strive to improve our program. This partnership can be a win-win for both of our organizations. In fact, we hope that you will, at the culmination of your first event, provide us a testimonial that we can use as an introduction to future potential hosts to encourage them to participate in this growing program.
