Dear Sirs:

Subject: Appleseed Presentation at the 14th Arm'd Div. Assoc., Inc. Reunion

We were honored to have your Dave Goodrich, Indiana Project Coordinator of Project Appleseed make a presentation about your organization; particularly the aspect of the real beginning of the Revolutionary War at Lexington and Concord. I've been there to view the area, but, his presentation gave much more information that I did not know about the march back to Boston by the British. Clever the front attack by the colonists becomes the rear attack later on while new ones make further frontal attacks. He further informed us after the presentation about the program of teaching youth as well as adults the correct use of handling firearms as well as how to shoot them taking in consideration distance and windage.

There also was a couple members of your organization who brought their 14th Arm'd parents to the reunion.

Again many thanks for your Mr. Goodrich's presentation.

Very truly yours,

Elton C. Ross, Pres. 14th Arm'd Div. Assoc. Inc.

cc: Ann Chelette, Sec'y 14th Arm'd. Div. Assoc., Inc.
