Project Appleseed  
Instructor-In-Training Progress Check  
IIT0**

Message from Fred:

*Welcome to what is a new part of the program for you. As an Appleseeder, you've mastered marksmanship, heard the Story, responded to the sound of the trumpet, and have decided that your country needs help, and when your country needs your help, you're gonna step up to help out.*

*Because you want every ounce of the energy you put into this program to have maximum impact, it's important that you understand what this program is about - exactly - and the structure of Appleseed - and how each piece relates to the whole - and why each piece is important. It's outlined at <http://appleseedinfo.org/smf/index.php?board=413.0>.*

*So, herewith is your opportunity to show your mentor/instructor that you do in fact and in deed understand "all things Appleseed".*
