

## Welcome to Project Applesseed

- Do you know the six steps to firing a shot?
- Can you consistently hit a one inch square at 25 meters?
- Would you like to learn the steady hold factors that support your rifle?
- How do you acquire your natural point of aim?
- Do you know what occurred in American History on April 19th 1775?

These are just some of the skills, techniques and information you will learn while attending an Applesseed weekend. Our mission is to take you from being a simple rifle owner to being a true rifleman.

the rifleman's quarter-mile. A rifleman can just about hit any target he or she can see. This skill was particularly evident in the birth of our country and was the difference in winning the Revolutionary War.

The enemy of Applesseed and all Americans is apathy and ignorance. To keep a Republic the public must be involved, so take up your civic duty and get involved. Turn off the television, get off

that couch and come spend a weekend with other American Families making that conscious choice.

There is no more time for excuses, we must find the time to engage. Together we can break the chains of complacency and bring a new hope from our American history and heritage to our posterity.

## Project Applesseed

**"STAND YOUR GROUND; DON'T FIRE UNLESS FIRED UPON, BUT IF THEY MEAN TO HAVE A WAR, LET IT BEGIN HERE." JOHN PARKER, APRIL 19TH 1775.**

Project Applesseed Rifleman Course is designed to awaken the spirit of liberty and personal responsibility in the heart and mind of the American Citizen. By honoring the events of April 19, 1775 we are able to reconnect with the vision and sacrifice our Founders gave to this Republic. Through rifle marksmanship we will turn America back into a Nation of Riflemen.

APRIL 19, 1775

When marksmanship met history, and the heritage began...

If becoming an American Rifleman is something that interests you, then please join us at the next scheduled event. You can check [www.appleseedinfo.org](http://www.appleseedinfo.org) for a complete listing of locations and dates. You will also find information on how to sign up, what equipment to bring and the fee to attend a shoot.

Project Appleseed is a two day marksmanship instructional clinic run by the Revolutionary War Veterans Association(RWVA), a 501(c)(3) nonprofit organization. All across America our credentialed volunteer instructors are teaching a unique combination of fundamental rifleman skills and American Revolutionary War history.

**“FROM THIS DAY WILL BE DATED THE LIBERTY OF THE WORLD.” JONAS CLARK, APRIL 19TH 1775.**

event safety is of the utmost importance.

You will learn American history, rifle safety, the six steps to firing a shot, NPOA (your natural point of aim), steady hold factors, proper prone, sitting, kneeling and standing positions, sling use, trigger finger control, breathing cadence, minutes of angle in relationship to distance, shot group analysis and tons more.

**THE RIFLEMAN SHOW, EVERY THURSDAY NIGHT 8PM EASTERN TIME**

RWVA runs the firing line with credentialed Range Safety Officers and a Line Boss who will give the firing commands.

**“THEY HAVE MEN AMONGST THEM WHO KNOW VERY WELL WHAT THEY ARE ABOUT.” LORD PERCY, APRIL 19TH 1775.**

Then after shooting hundreds of rounds and becoming proficient in marksmanship you will earn your rifleman patch. With a score of 210 or higher on the AQT target the journey just begins. This new trail unfolds responsibility.

A Rifleman never stops learning, a Rifleman never stops teaching. A Rifleman looks to each new day to improve his or her home and family, to enhance his or her community, their state and country. A Rifleman does not go through life numb, he or she gets involved. A Rifleman has conviction, and is a critical thinker. A Rifleman adapts, overcomes, persists and continues to seek ways to protect the fundamental principles our Founders put into place for all future generations.
